Director's Message

Spring has sprung and before we know it we will be embarking on the wonders of Summer! May brings flowers but it also brings End of Grade testing. You all have prepared all year for this very moment! We have provided some test taking tips below. Also, during this month we celebrate Cinco De Mayo, Mother's Day, and Memorial Day let's take a moment to reflect on the true meaning of each holiday. Go out and spread some love in the community.

National Family Month is observed during the five-week period between Mother's Day in May and Father's Day in June. It is timed to coincide with the end of the school year, when families start spending more time together, and also to focus attention on mothers and fathers as the most powerful support system for their children.

In this issue:

- Director's Message

- Test Taking Tips
- Student Work
- Upcoming Dates
- Family

My Family

My wonderful family, I love dearly,
From my heart, I speak sincerely.
They make me laugh all the time,
Help me up, when I need to climb.

I know my family, truly care,
They don't judge me or compare.
Always welcome me with open
arms,
They make sure nothing harm's.

I love my family, every day,
With this poem, I wish to convey.
I know they may be a little strange,
But I hope they never, ever,
change.

Test Taking Tips for Parents and Students

Before the Test

- *Be A Good Listener
- *Get a Good Night's Sleep
- *Eat a Good Breakfast
- *"Always Do Your Best"

During the Test

Read the directions.

Skim the test quickly. By skimming over the test your child will know what to expect and can pace himself a little better for a longer or written essay section of the test.

Skip Hard Questions. It is better for your young one to skip a question that he is unfamiliar with or one that is too hard than wasting time on it. If there's time the student can always come back to try the harder questions towards the end of the test.

Check over work. Remind your child to make sure that he did not skip any part of the test. If there is time, check over for correct spelling, punctuation, capitalization and grammar. In a math test, always check the signs (operation of the problem) and note careless mistakes such as adding instead of subtracting can lower the test grade substantially.

Upcoming Dates

- May 5th Registration Deadline for June 3rd ACT Test
- May 6th SAT Test Date
- May 9th Registration Deadline for June 3rd SAT Test
- May 16th Late registration deadline for June 3rd SAT Test
