Laugh whenever u can, Apologize whenever u should and let go off whatever u can't change. Life is too short to worry about anything. Be happy always.....

Always smile. Our faces are the best billboards where the ads of life are seen. The Bible says, "Why worry when the Lord is with you?"

Life is like a novel, It's filled with suspense you have no idea whats going to happen until

Guide to Writing a Basic Essay

An essay can have many purposes, but the basic structure is the same no matter what. You may be writing an essay to argue for a particular point of view or to explain the steps necessary to complete a task. Either way, your essay will have the same basic format. If you follow a few simple steps, you will find that the essay almost writes itself. You will be responsible only for supplying ideas, which are the important part of the essay anyway. Don't let the thought of putting pen to paper daunt you.

Get started!

These simple steps will guide you through the essay writing process:

- ◆ Decide on your topic.
- ◆ Prepare an outline or diagram of your ideas.
- ◆ Write your thesis statement.
- ◆ Write the body.
- ◆ Write the main points.
- ◆ Write the subpoints.
- ◆ Elaborate on the subpoints.
- ◆ Write the introduction.
- ◆ Write the conclusion.
- ◆ Add the finishing touches.

"Raindrop"

A
drop
of rain is
like a sudden
knock at the door.
Unexpected, yet often
welcomed with a smile. It
can brighten your day or ruin
your plans. It can make you laugh
or make you sad. Whether the raindrop
is moving fast or slow, or is big or small,
it always gets everyone's attention. A rain-
drop contains many secrets. It is a bubble of
anticipation and surprise. It cleanses the earth,
it feeds the flowers, and fills the holes. The
raindrop is never silent. It bangs on the
roof, spatters on the window, or
splashes into a puddle.
