TEST TAKING TIPS FOR MIDDLE SCHOOL STUDENTS

- Don't miss school on testing days!
- Get a good night's sleep and eat a good breakfast
- Get to school on time — rested, relaxed and ready do your best :-)
- Be prepared! Walk into the classroom with all the materials you'll need: #2 pencils, a sweater/jacket, a book to read after completing the test.
- When you get the test, quickly glance over the entire test. This can help you develop a plan to help manage your time.
- Ask questions while you have the chance. No question is a stupid question unless it goes unasked.
- When you finish all parts of your test **YOU ARE NOT DONE!** Check over your answers throughout the entire test. Everyone makes a few careless mistakes the first time around.

CLEMSON UNIVERSITY

HOW DO I PICK THE RIGHT COLLEGE FOR ME?

One of the most difficult moments in this entire process is for students to commit to a university and 'take the leap' in deciding where the next years of education and college sport will be spent.

From the very start of the process, it is important to try and figure out what you want. What are the key criteria that matter to the student.
